Inter DieCast

3rd edition of **Inter DieCast** - International exhibition on die casting technology, supplies and products, along with its concurrent trade fair, **Inter Foundry** - International exhibition on the ferrous & non-ferrous foundry industry, will take place from **September 10 to 12, 2026**, at the **CODISSIA Trade Fair Complex, Coimbatore**.

The global die casting market is projected to grow at a CAGR of approximately 5.2% during the period from 2024 to 2032. This provides an exceptional opportunity for the Indian die casting manufacturers especially when global casting buyers are looking to strengthen their supply chain by having suppliers in multiple locations.

This biennial die casting industry exhibition provides an excellent opportunity for industry professionals to connect, collaborate, and drive growth by tapping the export opportunities

The previous edition held in 2024 concluded on a high note with 220 exhibitors and 8,058 trade visitors offering extensive networking and business opportunities. This biennial platform is evolving in to a must-attend event for all the stakeholders of Indian die casting industry.

Exhibitor Profile

- Material suppliers
- Aluminium Die Castings
- Die Casting Machinery Manufacturers
- Furnaces and accessories
- Die Manufacturers
- Foundry chemicals
- Automation of Casting Process
- Heat treatment and surface technology
- Peripheral devices and systems
- After treatment of castings / CNC treatment
- Instrumentation and Control
- Material handling technology
- Environmental protection / waste management
- Methods of simulation and computation
- Machine Tools
- Quality management
- Aluminium Recycling

Inter DieCast

Why Exhibit at Inter DieCast

- **Connect with Key Decision-Makers and Investors:** Engage with an audience focused on growth and investments.
- **Leverage Networking Opportunities:** Maximize meaningful connections and communication prospects.
- **Drive Business Growth:** Utilize the perfect platform for impactful business discussions and collaborations.
- **Enhance Visibility and Market Reach:** Expand your presence among casting manufacturers from India and neighbouring countries.

FDF is a Section 8 not for profit organisation by foundrymen for foundrymen to support Indian foundries to upgrade & improve technology, productivity, time to develop / market, test & validate processes & products both on & off site.

Aluminium Coimbatore is an identity coined to represent all the stake holders of aluminium and aluminium die casting industry operating out of Coimbatore. The objective behind creating this group is to promote and establish Coimbatore as a destination for aluminium die casting manufacturing and sourcing.
