Inter DieCast

AUGUST 22-24, 2024

Codissia Trade Fair Complex
Coimbatore, India

2nd International exhibition
on die casting technology,
supplies & products

Concurrent TradeFair

Inter 
Foundry

Supported by

Inter DieCast

Inter DieCast - International exhibition on die casting technology, supplies & products along with its concurrent trade fair, Inter Foundry - International exhibition and conference for ferrous and non-ferrous foundry industry will bring a plethora of networking and business generating opportunities for the 2nd time during August 22 - 24, 2024.

This biennial trade fair for die casting and foundry industry will be organised in the city of Coimbatore in India, which is home for numerous manufacturing and engineering industries at large and die casting and foundry industries in particular. Inter DieCast trade fair is an ideal opportunity for all the stake holders of die casting industry to meet, engage with existing suppliers / customers and to establish new business connections.

The debut edition of Inter DieCast and Inter Foundry trade fairs organised during September 2022 at Codissia Trade Fair Complex in Coimbatore closed on a high note with 180 exhibitors from India and abroad showcasing their products and services which were witnessed by over 8,600 trade visitors.
